

TREATY CONSIDERATION BY FULL SENATE WILL BEGIN TODAY

Amendments to the Treaty Will be First Read and Voted on—Reservations Last

The Organization of a Committee of Leading Men Supporting the Treaty—Announced

BY L. C. MARTIN,
(United Press Staff Correspondent.)

Washington, Sept. 15—Actual action on the treaty of peace will begin in the United States senate today.

At 2 p. m. Chairman Lodge of the Foreign Relations Committee expects to call up the pact, and the reading of it with the debate will probably start immediately. The amendment first to be read will be the one giving the United States the same votes as Great Britain in the league of nations. The vote of this change which was adopted by the Foreign Relations committee is expected to furnish a test as to whether any of the amendments can command a majority of the senate. Reservations to the league will not come until each textual amendment is disposed of. On these there will be a different line up. While treaty opponents admit there is doubt as to their ability to pass amendments, they declare that reservations of some of them are certain. Whether these reservations will be mild or strong depends on the conference now on between mild reservationists and Lodge, who is having those framed by the Foreign Relations committee.

The treaty supporters today saw new strength added to their cause in a committee of 250 leading republicans and democrats who have formed to bring about an unqualified ratification of the treaty. The organization of this committee, formed by prominent men of forty states, was announced to force peace and the settlement of the league.

The organization is made up of many government officials, state supreme court justices, professors, and other prominent men.

Washington, Sept. 15—"I call up the treaty of peace with Germany."

With these words Senator Lodge, chairman of the Senate Foreign Relations committee, today opened a formal open discussion of the peace treaty.

For the first time in senate history a treaty was considered in an open session before throngs in the galleries instead of behind closed doors.

Immediately after Lodge had formally made the treaty the senate business, the first gun in the barrage of speeches from the democratic side of the chamber in favor of unqualified ratification of the treaty was fired in a speech by Senator Jones of New Mexico. Jones is one of the treaty's most ardent supporters. His speech will be followed tomorrow by Senator Overman of North Carolina, also in favor of ratification without any amendments.

From now on until a final vote has been taken the treaty will remain the senate's business. Senators today estimated that the debate upon the treaty will continue from four to six weeks. Lodge also has a copy of the treaty with Austria.

Lodge said he was given the treaty by a Chicago newspaper. He announced that following Jones' speech he had asked that the Austrian pact be read.

Senator McCumber of North Dakota presented his individual report on the treaty as a member of the Foreign Relations committee. Jones, to whom fell the first chance of making the first formal speech after the treaty was called up, declared opponents of the league poison the public minds with insidious declarations.

"If they give to this covenant of the league of nations all of the careful and calm consideration of which I am capable, and not the consideration of the league which tends to justify these infections, which have been directed against it. I can understand how the wisdom of some of the provisions of this covenant may

be drawn in question, but there should be no difference of opinion as to the crisis of super-government to which we have surrendered our sovereignty.

"Such a super-government may come, but the time has not yet arrived," said Jones.

Washington, Sept. 15—Changes in the peace treaty proposed by the Senate Foreign Relations committee are couched in a defiant discourteous and over-bearing manner and seem intended to express a jingoistic spirit that ought to be eliminated from American statesmen, Senator McCumber of North Dakota, republican, declared in a dissenting report laid before the senate today. McCumber headed his report as the "views of a minority" and urged that his six reservations stated recently be adopted in lieu of those inserted by the Foreign Relations committee.

Patriot Italian Poet Leads Soldiers Into Fiume

Italian Premier Repudiates Action of Troops and Will Punish Offenders

Rome, Sept. 15—The latest report from Fiume states that the situation arising from the entrance into the city of Gabriele D'Annunzio's force continues to be serious, Premier Nitti announced in the chamber of deputies.

"I am filled with humiliation," Nitti said, "because for the first time sedition has entered the Italian army. I also feel humiliated for the apologies I shall make to the Allies."

Persons advocating these acts against France and the United States without whose aid Italy can not recover, are lunatics and traitors. Italy is no longer in a position to tolerate a policy of adversity without being brought into a state of anarchy.

"The offenders at Fiume will be prosecuted," said Nitti.

Five Million Dollar Fire in Brooklyn

(By United Press)

New York, Sept. 15—A large fire from which giant smoke poured forth is still burning in the plant of the Standard Oil Company in Brooklyn. Thirty tanks of oil have been destroyed. With the fire under control firemen said there was no way of stopping the flames, but will guard other property by keeping tanks and buildings cool to prevent ignition. The loss is estimated at about \$5,000,000. The fire started shortly after noon Saturday.

Fiume Council Reports

(By United Press)

Washington, Sept. 15—The state department today received a special dispatch from the Consul at Fiume telling of the advance of Gabriele D'Annunzio and his Italian troops on the city of Fiume. Shops are closed it is said, both in protest of the situation, and the feeling of danger when the Italian troops reached the city. No danger so far has been reported.

Rim Fliers Delay Flight

(By United Press)

St. Paul, Sept. 15—Col. Hartz, commander of the Martin bombing airplane which is flying around the rim of the United States abandoned his flight to Superior, Wisconsin today, and plans to leave Wednesday flying direct to Fargo. Weather conditions today caused his delay.

COMMANDER DANIEL DOW

Commander Daniel Dow, the most famous figure in the transatlantic service of the Cunard line, has just retired after an adventurous career as captain of ocean greyhounds almost unequalled in history.

Tropical Storm Sweeps Gulf of Mexico

(By United Press)

Houston, Texas, Sept. 15—One man is known to have been drowned a Spanish steamer is reported in distress, property damage is expected to run into hundreds of thousands of dollars and ships have been destroyed along the gulf as a result of a tropical storm that swept from Galveston to Brownsville yesterday. The loss probably is heaviest in the district between Corpus Christi and Brownsville. The worst of the storm was believed over early today. Wire lines to the coast were generally down and the only communication last night was a score of radiograms.

It is feared many persons have been injured in the Corpus Christi and Brownsville district and in the Rio Grande valley.

Mexican Governor Stops Oriental Immigration

(By United Press)

El Centro, Calif., Sept. 15—All Japanese and Chinese immigration into the northern districts of lower California is prohibited until the Mexican congress passes a new immigration law under an order by Governor Cantu, of lower California, in the district which he represents.

The order was designed to relieve the unrest in Lower California due to the anxiety of the Mexicans over the steady increase of oriental laborers.

Boston Riot Scene During Policemen's Strike and A. E. F. General in Command of Guardsmen

Hoodlums, near crooks and real crooks rushed to Boston when they learned the police were to go on strike. This element abetted by Boston's own lawless citizens, mostly youths, started to break every law possible. Windows were smashed, shops were looted, and many a "crooked" crap game was played in the streets. If the lower complained he was mauled. This photograph shows a few of the loyal policemen, helmeted, and Harvard students, with clubs, trying to quell the disturbances before the state guard was called out. In the circle is seen Brigadier-General Charles H. Cole, who was appointed by Mayor Peters as the virtual head of an infantry brigade of the Twenty-sixth Division. General Cole led his men at Solons, Chateau Thierry, St. Mihiel and in the Meuse-Argonne offensives.

Senator Johnson Speaks Against Treaty in Iowa

Says President Insists on Haste in Ratification Before People Can Learn its Contents

(By United Press)

Des Moines, Sept. 15—Having addresses between 40,000 and 50,000 men and women who cheered him vociferously during the first four days of his tour, Senator Johnson arrived here today from Kansas City to resume his fight on the treaty.

"It is obvious from the response of the people to the issue I am presenting why the administration insists upon such haste in disposing of the treaty," said Johnson. "They are trying to have it hurriedly approved of before the people can find out what it really means to them. The senate has had the treaty two months, while President Wilson spent seven months with it, and the European and Asiatic powers made secret agreements as the basis of the document now presented."

Legislative Proceedings

(By United Press)

Soldiers Bonus Bill Delayed in Senate Until It Is Decided What Congress Will Do

St. Paul, Sept. 15—The House of the Minnesota legislature today passed two bills aimed at living costs.

One empowered railroad and warehouse commission to regulate prices of coal and coke and other fuel. The purpose of the bill is to prevent unjust prices. The other bill gave the state commission of agriculture power to investigate high costs of living and to public monthly reports and submit with them all acts of violation of the state law to proper authorities for prosecution.

The test of strength in the senate of the proposed change in primary election laws was expected this morning. The bill in question provides that all persons seeking to register for primary vote take an oath. The bill was advanced until Tuesday, indicating a majority of the senate favored consideration of amendments to the primary laws.

The soldiers bonus bill may be delayed in the senate it was indicated today until a committee can ascertain what congress proposes to do.

An amendment may be made to the bill providing that a state bonus may be paid to the soldiers until this bonus is available.

St. Paul, Sept. 15—The senate financial committee will resume investigation of charges against Major Cary of the Minnesota Motor Corps at the capitol at 7:30 tonight.

"PAT" M'LANE

"Pat" McLane of Pennsylvania is a railroad engineer by profession, and the fact that he is a member of the Sixty-sixth congress is explained by reason of a leave of absence from his regular job. The Scranton Democrats sought to endorse Representative Farr; the locomotive engineer objected and won a victory by 201 votes.

Urges Steps to Prevent Influenza

Efforts Being Made to Spur Congress Into Action to Prevent Recurrence of Epidemic

(By United Press)

Washington, Sept. 15—Many cases of influenza were reported by the United States Public Health Board to spur congress into taking steps to prevent recurrence of the disease.

Representative Foss introduced a bill providing for government investigation, in hopes of finding a cure for the plague. His plan is to point to the house this week the great danger of inaction on their part. The bill has been slumbering in the committee for months. All scientists agree that the only cure is in isolating the germ that causes it. Mr. Foss stated that expenses will have to come from government laboratories. "Congress apparently is showing a distinct apathy for this legislation," Foss said, and despite its great importance there seems to be little interest in it. Congress must appropriate a small amount to find a cure or may be confronted with the necessity of providing large sums for relief work if there is a general recurrence as many medical men have predicted.

National Bank Call

(By United Press)

Washington, Sept. 15—The comptroller of currency today announced a call for the condition of national banks on Friday, September 12.

PRESIDENT REACHES PORTLAND, OREGON IN TREATY CAMPAIGN

Is Greeted by Large and Enthusiastic Crowds, Will Make One Speech Today

Power to Regulate Fuel Price

Given the Railroad and Warehouse Commission by Bill Passed by the House

St. Paul, Sept. 15—Power to regulate prices on coal and coke and other fuel has been given the state railroad and warehouse commission by a bill passed today by the lower house of the legislature.

The vote was 67 to 16. The bill has now gone to the senate. The purpose of the bill is to prevent unjust profiteering. The bill fixes a penalty for violation of the act.

Members of the house today passed a resolution asking \$100.00 for each member serving during the special session. There were 83 for it and 29 against.

An attempt by state senators to vote themselves \$10.00 a day for serving was blocked by a decision of the adjutant general who held that under the constitution members of the legislature cannot vote to increase their stipend during their term for which they are elected.

American Interests Want Mexican Intervention

(By United Press)

Washington, Sept. 15—Charging that American interests are attempting to cause intervention in Mexico, was made by L. L. DeBekker, who appeared before the Senate Committee investigating Mexican affairs today. DeBekker who is a publicity agent for the Mexican Committee of the League of Free Nation named a number of persons and firms.

Earthquake Damages California City

(By United Press)

Eureka, Calif., Sept. 15—The fifth earthquake in a week struck this city today and demolished a number of chimneys. It was accompanied by a heavy rumble like thunder.

Johnson Will Speak at Mankato

(By United Press)

Mankato, Minn., Sept. 15—Senator Johnson of California, has accepted an invitation to speak here Wednesday night, coming from Rochester, where he speaks in the afternoon, according to present plans.

FOOD CARDS IN LONDON

Regulations Similar to War-time Plan Resumed

London, Aug. 20—Plans for food rationing, modelled after the plan in force during the war have been announced by the food controller. Meat, sugar and butter are the commodities particularly considered.

All persons must register with ration cards. New ration cards are to be issued to take the place of those which went out of existence last April.

KING COMING WITH YANKS

Belgian Ruler to Board George Washington at Antwerp

Brest, France, Sept. 15—The steamer George Washington will arrive here about September 15, take aboard 1,600 American troops and then steam to Antwerp, where King Albert of Belgium will embark for America.

An American admiral, now a naval attaché in Paris, will accompany the party as attaché to King Albert.

Pres. Receives Delegation of Labor Representatives at Seattle Yesterday

(By United Press)

Portland, Sept. 15—President Wilson, stumping in behalf of the peace treaty ratification, arrived in Portland at 9 a. m. to make one speech, and will spend the rest of the time motoring and resting.

The president had a noisy reception which began before the special train pulled into the station. Every crossing had applauding crowds and people were strung along the tracks.

The president's train stopped four hours during the night so that it would not reach here before 9 a. m. The original time of arrival was 5 o'clock but this was set back four hours so the president would have a chance to sleep longer and eat his breakfast before reaching Portland, to void being watched by the crowds.

CALLS RAIL CHIEFS TAX-EATING PRINCES

House Member Points to Pay of \$1,398,000 Paid to 73 Hines' Officials

Washington, Sept. 15—Seventy-two officials of the railroad administration described as "men on the staff of the director general," are receiving annual salaries aggregating \$1,398,000, according to an extension of remark in Fridays congressional Record by Representative Thompson, Republican of Ohio, who charged that other government agencies "seem to have utter disregard for economical expenditure of public funds."

Railroad administration officials receiving the big salaries were given by Mr. Thompson as follows:

Five at \$50,000 each; two at \$40,000; three at \$35,000; two at \$30,000; eight at \$25,000; eleven at \$20,000; one at \$18,500; one at \$18,000; one at \$17,500; six at \$15,000; one at \$14,000; one at \$13,200; one at \$12,500; four at \$12,000; one at \$10,800; one at \$10,600 and twenty-three at \$10,000.

Railroad administration officials were described by Representative Thompson as "princes who sit in upholstered furniture and swivel chairs amidst luxurious surroundings, living as tax eaters."

Meanwhile, postoffice employees, he declared, have not been paid a living wage, though "the entire government reeks with extravagance."

Mr. Thompson enumerated salaries from \$4,000 to \$7,000 a year paid by the housing bureau, organized with the understanding that it would be discontinued automatically at the end of the war. Salary increases, however, have been made to several employes, he said, since the armistice.

"As fast as Congress endeavors to put on the brakes," said he, "the bureaus of the administration devise ways and means to create deficiencies and perpetuate its army of political grafters."

German Spies Escape From Prison

(By United Press)

Salt Lake City, Utah, Sept. 15—From ten to seventeen German spies escaped from the Compound at Fort Douglas early today.

Four men, said to be some of the escaped enemy aliens were captured before noon at Ogden. The prisoners made their escape through a large hole in the wire fence.

WOMAN'S REALM

LYCEUM SEASON TICKETS

\$2.50 Cost of Seven Entertainments, to be Placed on Sale Soon

Season tickets, advertising and press literature for the University Lyceum course, booked for seven entertainments in this city, have arrived and Rev. E. G. Carlson, local manager will soon place them on sale at the drug stores, banks and other public places.

The price for the course of seven entertainments has been decided upon and will be \$2.50, for the course and 50 cents single admission, war tax included.

The Brainerd Musical club, and other organizations have given the course their unqualified endorsement, in fact members were consulted in selecting the different numbers and the fact that the course is under no special auspices but a community proposition backed by one individual, leads to the foregoing conclusion that the sale of season tickets will be most satisfactory.

These tickets are good for any individual in the family and when the quality of the entertainment is considered the price seems small, in fact "below normal" and is certainly within reach of all. It is suggested that those interested secure their tickets now, any of the local drug stores, banks, Chamber of Commerce or from Rev. Carlson.

Lyng-Jackson

The wedding of Miss Zelma Olive Lyng to George Edward Jackson took place Saturday evening at the manse of the Presbyterian church and the ceremony was performed by Rev. W. J. Lowrie.

The bride is the daughter of Mr. and Mrs. John Lyng of Southeast Brainerd. She has been in the employ of the Journal Press for the past two years as bookkeeper and stenographer. The groom is the son of George Jackson, of Northeast Brainerd, and is in the employ of the Northwest Paper company.

They were accompanied by Sadie M. Lyng as bridesmaid and Clifford W. Jackson as best man. The bride was attired in a traveling suit. The young couple will spend two weeks in their wedding trip going first to Watertown, South Dakota, and from there to Montevideo, Minnesota.

They will make their future home in Brainerd occupying a flat for the winter.

Missionary Circle

The Women's Missionary Circle of the 1st Baptist church will meet Tuesday afternoon at the home of Mrs. Walters, 123 Main street.

W. C. T. U.

The W. C. T. U. will hold its regular meeting at 3 o'clock Tuesday afternoon at the Y. M. C. A. rooms.

SMALL GIRLS LIKE SMOCKS

Fashion Never Seems to Lose Its Popularity, With the Little Ones or Their Elders.

For little girls of six years and less dresses of the smock type are unquestionably favorites. One manufacturer given to figures has estimated that wash frocks, especially smock dresses, sell twenty to one of any other style. This may be exaggerating things a trifle, but the fact remains that the little, comfortable, straight-line smock frocks are liked by the children as well as by their elders, and each season witnesses the introduction of many little novelties that may still come under the "smock" heading.

Wash dresses are generally considered the best selection for little girls of six years and less regardless of season or weather. Houses and apartments are so well heated these days that children do not require to be warmly dressed when indoors, and when out of doors warm sweaters and wraps give the necessary protection, no matter how light the garments that are worn underneath.

Turbans of Gauze.

Some of the new gauze turbans are enormous; so wide that they completely hide the hair, even at the sides. Some lovely ones of this order are being made of silver gauze embroidered in black and veiled in flesh pink tulle. A startling turban seen the other day was made entirely of leaf-green tulle. The fragile material was wound round and round the head in a mysterious fashion. This was worn by a well-known actress.

Coming Fashions.

Short sleeves are unquestionably the vogue among smart women, for these are much in evidence where fashion congregates. But conservative women seem to be still clinging to the wrist length sleeve in both dresses and blouses.

IT PAYS TO ADVERTISE

FOR MR. AND MRS. NORTHRUP

Mrs. A. J. Eschman and Mrs. E. Haake Entertain for Former Brainerd People

Mrs. A. J. Eschman entertained for Mr. and Mrs. Walter Northrup of Washington, D. C. The evening was spent with music and all reported a splendid time.

Mrs. E. Haake entertained for Mr. and Mrs. Walter Northrup, who are former residents of Brainerd.

Van Dorn-Hazelton

Miss Clara Van Dorn, of Lake Edwards, and Edgar Hazelton of Merrifield were married Monday morning at 10 o'clock at the parsonage of the Bethlehem Lutheran church, Rev. M. L. Hostager officiating. The couple was attended by Miss Eva Hollingsworth and Frank E. Wells. They returned to Merrifield where they will make their home.

CHIC LACE BLOUSE

Effective Garment Designed for Early Fall Wardrobe.

May Be of White or Colored Material, to Suit Skirt With Which It Is Worn.

The sketch shows a very smart little blouse of lace which will be found a valuable addition to the early fall wardrobe. It may be made of black, white or ivory-colored lace, or, if desired, a lace may be dyed to match the skirt with which the blouse is to be worn. Dyed laces have been very much favored during the last season or two. This blouse is finished at the waist with a narrow ribbon girdle, and as originally designed the garment was made of ivory-colored chantilly lace. The girdle was of inch and a half wide double-faced satin ribbon, green on one side, black on the other. The woman who is economically inclined can usually supply herself with the remains of sheer net, georgette or silk voile frocks, as the dress waist nearly always wears out first, and with several good-looking blouses at her disposal she can develop an afternoon frock for early fall with very little expenditure of time or money.

Paris designers are sending over some very smart separate skirts as models for the American trade, but before these reach the consumer there is little doubt that they will be greatly modified.

As a rule, the French-designed skirts are very short and tight, with elaborate over-drapings. A drapey that flares on one hip only is a favorite. The really dressy separate skirt will almost certainly be in great demand during the coming fall and winter, due to the fact that the elaborate

Smart Blouse of Chantilly Lace.

over-bloom has finally been accepted by American fashion authorities and the public at large. Two-color combinations are frequently seen in the handsome skirts of satin and soft silks and two-faced fabrics are excellent selections, one side serving as a trimming for the other, or making the arrangement of the novel draperies easy.

His Resolve.

"It is better to do your losing early in the season." "I know that axiom," said the baseball manager, "but if I happen to win a few games I'll endeavor to bear it with resignation."—Louisville Courier-Journal.

No Loss of Animation.

"I suppose Crimson Gulch is quieter since the bar closed." "Not yet," said Cactus Joe. "All you've got to do is to say 'prohibition' and everybody begins to argue at the top of his voice."

LOCAL NEWS NOTES

(Continued from Page 2)

family, of Wolford, and Roy Foote, and son Lyonel, also the Misses Ella Hamilton, Fern Grimmer and Anna Dugan of Manganese motored to Brainerd where Miss Dugan stopped to spend Sunday with her parents. Here members of Oscar Jones' family joined the party, which continued to journey to Pequot, Jenkins and Pine River. The trip was a pleasant one, the scenery in Northern Minnesota being beautiful at this season of the year.

Come to a dancing party given by the Degree of Honor Tuesday evening, Sept. 16. Splendid music will be furnished. Tickets are being sold.

Crews are laying main line water pipe on South Seventh street and are now in the section from Norwood to Laurel. At the home of L. P. Johnson, 323 South Seventh, trees were directly in the path of the line which runs inside the curb and the trees were chopped down. On Norwood near the corner of Seventh the line crosses the cement street and it was necessary to chop through cement. Along the Windsor hotel property a section of cement walk was removed to lay the line.

The Degree of Honor will give a dance at Elks Hall on Tuesday evening, September 16. Tickets 50c a couple. Splendid music. Meeting will be called to order at 7:30 sharp.

While driving through the city last night with five Nash quad trucks, for Crow Wing county, the driver of one of the cars, in trying to stop at the curb near the Buckman hotel, ran into the rear of an Oakland car that was standing there, bending the tire rack and denting the rear of the body. This caused some delay, as a settlement was required before the truck driver was allowed to leave, and after a telephone conversation with Brainerd officials, the affair was satisfactorily adjusted.—Little Falls Transcript.

Mr. and Mrs. B. E. Dunham have returned from an automobile trip to Akeley where they visited Mr. and Mrs. R. P. Young. Mr. Young was a former partner of Mr. Dunham in the electrical business in Brainerd. On Sunday they motored to Fourth Lake near Park Rapids and caught a nice lot of fish. Mr. Young being one of the most enthusiastic sportsmen of Akeley. He has a home on Eleventh lake near Akeley. Accompanying Mr. and Mrs. Dunham on their auto trip to Akeley were Mr. and Mrs. John A. Hoffbauer and children who visited over Sunday with F. C. Peterson, former traveling man of Brainerd, who has a large farm on the shores of Williams lake. Mr. Peterson is confining his attention to raising blooded cattle and pigs. The road from Walker to Akeley was found to be in perfect condition, being the best stretch of road from Brainerd to Akeley, via Walker.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

Opening of Panama Canal.

In 1914, on August 15, the Panama canal was formally opened to the world. The canal had been nine years in building. The total cost of construction, exclusive of fortifications, civil government and payments to the republic of Panama, was approximately \$357,000,000. The first passage after the formal opening of the canal was made by the steamship Ancon, Colonel Goethals, governor of the canal zone, was on board. The passage from Cristobal to Balboa was accomplished in nine hours.

MONDAY, SEPTEMBER 15, 1919.

SAVE YOUR INTEREST

The treasury department today will pay residents of the Ninth Federal Reserve District \$3,858,260.50, as semi-annual interest on the Third Liberty Loan. It is half of the annual \$7,716,521 yielded at four and a quarter per cent by the \$181,565,290 worth of the Third Liberty issue purchased in the states of Minnesota, North Dakota, South Dakota, Montana and the parts of Michigan and Wisconsin which are in the Ninth District.

M. E. Harrison, war savings director for the district, called attention to the fact that post offices as well as banks, have arranged to accept either coupons or the treasury checks for interest on registered bonds in payment for war savings stamps and treasury savings certificates. Reinvestment of Liberty bond interest,

he pointed out, is a compounding of loan interest. The yield of the bonds which otherwise would be spent, is at once turned to productive use if invested in stamps and increases constantly at the rate of four per cent compounded quarterly.

"Besides the advantage to the individual," said Mr. Harrison, "reinvestment in war stamps of Liberty bond interest is a tremendous help to the government which has to pay out \$177,591,966.12 each year in interest on the Third Liberty Loan. Half of this, or \$88,795,983.06, falls due September 15th. The entire sale of the third issue in all districts reached \$4,176,516,850. National expenditures are now on a huge scale and there is a general cry for reduction. Reliance of bond interest by stamp purchases simplifies the government's problem just that much."

September prices of war stamps and treasury savings certificates are as follows: \$5 Stamps, \$4.20; \$100 Certificates, \$84.00; \$1,000 Certificates, \$840.00.

PROTECT MINNESOTA BEAUTY

Every year Minnesota is being looked to more and more as the paradise of vacationists. Every year its clear lakes, swarming with fish, and its forests of pine and hardwood are being sought by increasing thousands for the pleasure and refreshment they afford people from the cities and the commoner regions which possess no such advantages. What a desecration of its trust and its birthright, what an abandonment of everything that is far-sighted and civilized, then, would be the failure of the state to protect this region of beauty from the lumber slasher and the forest destroyer.

State Auditor Preus is the father of a proposition incorporated in a bill providing for the protection of the shores of more than 1,000 lakes in the state through the purchase of

shore-line property or exchange for state timber more obscurely located.

There have been billions of dollars of profit-taking from the state of Minnesota and only feeble efforts here and there to preserve its treasures of romance and beauty. It is about time we were beginning to appreciate this heritage and spare from our heads the righteous wrath of posterity which will be upon them if we leave to our heirs but an ugly ruin of nature's splendor which it was ours to cherish and preserve.

FARMERS HAVE CARS TOO

The Brainerd Tribune is using up a lot of valuable space knocking the Babcock road law for the reason that the said law calls for the auto owners to pay the cost of the roads. The Tribune holds that the roads are used but occasionally by automobilists and all the time by farmers' teams and therefore farmers should be made to pay part of the cost.

In order to show up the foolishness of that theory one has but to go on any road in the country and take note of the various vehicles that go by. Take any day and any time of the day, or night for that matter, and it is easily seen that the autos so greatly outnumber the farmers' teams as to make the latter almost objects of curiosity. Also a great many autoists, evidently look upon the team and wagon as having no right to be on any of the main roads.

Just why the Tribune is so bitter against the farmers we do not know but it evidently overlooks the fact that most of the farmers nowadays own automobiles and so will pay their portion of the cost under the Babcock plan. It is the automobile that makes for excessive cost in the upkeep of roads. This is a well known and accepted fact. With no automobiles a gravelled road would stand up under the heaviest team

work with very little cost for upkeep, it is the fast driven automobiles that raises the devil with the roads.

We are for good roads all the time and in any way we can get them. Let's have the roads under the Babcock plan and then if it is found to be unjust to have them paid for by car owners it will be a simple matter to change the law. But for the present the thing is to put the plan in operation so we can have the use of the roads now.—Hill City News.

NORTHWEST NEWS

(By United Press)

Let's Go Hunting

St. Paul, Sept. 15—"Let's go hunting."

That's the new joy-phrase among sportsmen. The duck shooting season opens tomorrow in Minnesota, the Dakotas and Wisconsin.

Wood duck in Minnesota are protected until 1923, but other wild ducks along with goose, coot, Wilson snipe, gallinules, rails and yellow-cranes, are in season beginning tomorrow until January 1.

The season on quail and snail-furry game, will not open until next month. The law protects doves, wood duck, plover, woodcock, prairie chicken, ruffed grouse, chukar pheasant and sharp-tail grouse.

Big Game Huntsmen

Calgary, Alta., Sept. 15—Big game huntsmen of Canada and many from the states today were winding upward into Kootenay and other game regions of British Columbia and northern Alberta. The hunting season on big game opened today.

Goat, deer, moose and bear are reported plentiful. Officials here believe there will be a greater number of big game huntsmen in the region this year than since the war began.

Winnipeg Court

Winnipeg, Sept. 15—The court of the king's bench convened today with a busy session ahead. Since the privy council gave Manitoba courts power to grant divorces there has been a flood of cases and six judges have been assigned to hear divorce hearings. Cases already scheduled will occupy the time of the court until far in the winter.

Conference on Charities

Red Wing, Minn., Sept. 15—With two days left the annual conference on charities and corrections today had accomplished much in discussions on child welfare. The meetings will close tomorrow. State, county and municipal officials and others interested in correctional work are here from all parts of the entire state.

Mississippi Scenic Highway

St. Paul, Sept. 15—R. R. Wise and Fred T. Lincoln of Brainerd, and F. T. Bell, McGregor will go to Memphis this week to represent the northern division of the Mississippi River Scenic Highway association at the annual conference. The convention sets in Memphis Friday.

Duluth Dockmen Resume Work

Critical Coal Situation in the Northwest Will Now Be Relieved

Duluth, Sept. 15—Coal docks at the Head of the Lakes resumed work today as a result of the agreement by the members of the Duluth and Superior locals, Electrical Workers' union, to accept the provisions of the settlement proposed at a conference Saturday of the strike committee and operators. The union men adopted the tentative agreement yesterday at a mass meeting at Woodman hall, Twenty-first avenue West and First street. There was no opposition to its acceptance.

One of the first tasks will be the removal of coal at the Superior & Duluth Coal company's docks at West Duluth and the Northern Coal company's docks. Superior to check the fires which are now burning in the stockpiles.

Unload 24 Cargoes

Work will begin today on the unloading of 24 cargoes of coal which have been lying in Duluth and Superior harbors awaiting for the settlement of the strike. Officials of the docks stated that loading of coal at lower lake ports will be resumed now that an agreement has been reached.

According to W. K. Link, superintendent of Berwind Fuel company, the loading of cargoes was discontinued soon after the strike was declared, so that none are now enroute to the Head of the Lakes. It is probable, however, that new cargoes will begin to arrive before the 24 ships now in docks have been unloaded.

Wage Increase

E. N. Saunders Jr., president of the

North Western Fuel company, and H. E. Smith, vice president of the M. A. Hanna Coal & Dock company, returned to St. Paul following Saturday's conference.

An increase of 11 per cent over the wage scale which applied Aug. 6, when the strike went into effect, is the most important provision in the agreement.

Another provision agreed upon fixes the dockmen's holidays as New Year's day, Washington's birthday, Decoration Day, Fourth of July, Labor day, Thanksgiving day and Christmas day.

Scale Effective

It was further agreed that the new scale of wages shall apply during the period of September 15, 1919 to Sept. 15, 1920, and that if either the union men or the owners should desire a change in the conditions of employment at the docks, a written notice to that effect must be served on or before March 21, 1921. Failure to present such a notice would constitute an agreement to continue under the existing conditions until March 1 of the following year.

AMUSEMENTS

At the Best Today

Helen Jerome Eddy and Pauline Curley, who have prominent roles in "The Man Beneath," Sessue Hayakawa's latest Haworth production distributed by Exhibitors Mutual, will be remembered for their excellent work in "The Turn in the Road."

Miss Eddy plays opposite Hayakawa, portraying Kate Erskine, the Scotch girl whose love for an alien and the realization of the ban of blood that stands between her happiness and that of her lover, furnishes her a role of tense dramatic and pathetic appeal.

Miss Curley, one of the loveliest girls on the screen, makes a charming picture as Mary Erskine, the somewhat spoiled younger sister. Jack Gilbert, in the leading juvenile role, Wedgewood Nowell and Fontaine LaRue as the black-hand spies, and Fannie Midgley, complete a notable cast.

The production was made under the direction of William Worthington, who was responsible for "His Debt," "The Courageous Coward," "A Heart in Pawn," and other Hayakawa successes.

Not So Old as She Looks

Women do not like to look older than they really are. Neither do men. Both sexes are subject to kidney trouble, and kidney trouble makes the middle aged look old. Foy's Kidney Pills act promptly to restore weak, overworked or disordered kidneys, and bladder to a healthy condition, and banish lameness, aches and pains. H. P. Dunn. mwf

Service!

Certain-teed means service in the broadest sense.

Here is a roofing that is ideally adaptable to every type of building in the city, town and country.

Here is a roofing that gives not only the most complete weather protection year after year, but that is a protection against sparks and embers.

Here is a roofing that costs less to buy, to lay and to maintain than any other type of roof.

Here is a roofing that can be quickly laid by anyone who will follow the simple directions that come with the roll.

Here is a roofing that is absolutely guaranteed 5, 10 or 15 years.

Certain-teed is made in rolls, both smooth and rough surfaced (red or green)—also in handsome red or green asphalt shingles for residences.

Certain-teed is extra quality—the name means certainty of quality and satisfaction guaranteed. It will pay you to get Certain-teed—most dealers sell it. Ask for Certain-teed and be sure to get it.

Certain-teed Paints and Finishes are the highest quality. They will give the best paint satisfaction.

FLIVVER GOES ON TOUR RAMPAGE

Breaks Plate Glass Window, Screen Door, Two Hotel Benches at Ransford Hotel

Flying Glass Hurts Some of Family

Flying Glass Hurts Some of Family of Auto Owner, Glenn Morgan, of Bozeman, Mont.

Glenn Morgan, a sheep man of Montana who has 10,000 sheep grazing in Crow Wing county, went through a plate glass window of the Ransford hotel this morning when his flivver bucked like a western broncho. Seated in the car were his wife and children and flying glass wounded some of them.

As Mr. Morgan, who hails from Bozeman, explained it, the accident happened when he put his foot on the gas instead of the brake. The flivver leaped an 18 inch curb, chipped up the plate glass window at the front entrance of the big hotel, jarred a screen door, broke up two benches seating a number of hotel lizards and bowled over a heavy cement pedestal and cement urn containing trailing arbutus. The hundred pounds of cement pedestal and urn went hurtling down the stairs to a basement where they just missed a tailor.

A. B. Hostetter, agricultural expert of Duluth, just entering the hotel, made a quick step to the side, as the car nailed one of his coat tails at the front door.

The only damage to the Ford was a few dents and two punctured tires.

CAUTION

You may be the victim of a serious accident or called upon to pay the serious losses occasioned by one. Now is the time to see me about the protection you need in the operation of your automobile.

Call 93 and ask for J. E. Stevenson, Mgr., Insurance Service Agency, First National Bank Building.

IT PAYS TO ADVERTISE

HERMAN A. ENGELKE

Young Man Sick for Many Months Passed Away at the Home of His Parents Sunday

Herman A. Engelke, age 27, and single, died Sunday at the home of his parents, Mr. and Mrs. Albert Engelke, 814 Front street, after an illness of many months duration. He was cheerful and uncompaining to the last.

Mr. Engelke was born in St. Mathias, removing to Brainerd with his parents. The funeral will be held Wednesday afternoon at 2 o'clock from the residence and at 2:30 o'clock from the Bethlehem Evangelical church, Bluff and Main, Rev. J. H. Bunge officiating.

The sympathy of the community is extended to the bereaved family.

FOUL TIP DOES DAMAGE AT FAIR

Dents Saxophone Mouthpiece and Cuts Lips of Brainerd Musician, Art Ohms

THEN SMASHES DRUM HEAD

Director Richard H. Rehl then Ordered the Band Behind the Backstop at Pequot.

A foul tip struck the saxophone of Art Ohms as he was playing in the Brainerd Municipal band at the Crow Wing county fair, dented the mouthpiece out of shape and cracked the player's lips.

Not content with this byplay, the ball had enough kick to it to hop to the drum of George W. Putz and smash in the head.

Director Richard H. Rehl, who faced bullets and machettis for years in the Philippine warfare of the Spanish-American war, then signalled his players to retire behind the backstop to avoid the baseball barrage.

Notice

The Royal Neighbors will hold a picnic Tuesday the 16th, at the home of Mr. and Mrs. Temple. All members of Mr. and Mrs. Temple. All members are requested to meet at Elks hall at 1:30 o'clock. Committee, 1

CHAMBER COMMERCE MEETS WEDNESDAY

First Fall Meeting of the Organization to be Held Evening of September 12th

LARGE ATTENDANCE IS ASKED

Membership Campaign up for Discussion—House and Social Committee Report Up

The regular meeting of the Brainerd Chamber of Commerce will be held Wednesday evening, September 24th, and every member is urged to be present. The meeting will be held at 8 o'clock and it is probable that the house and social will plan a dinner, to be served at 6 o'clock sharp. The committee will meet early in the coming week to make plans for the dinner and some social entertainment to follow.

First Fall Meeting
This is the first fall meeting of the Chamber and the secretary is very anxious to have a large attendance. In the warm months of summer there have been no meetings, but the work of the organization has been carried on through the secretary's office and a summary of this work will be given by Mr. Lincoln.

The club rooms are being used much more liberally during the past week or two, and members are meeting to enjoy a social chat, game of cards or billiards or to take advantage of the reading room, which is well supplied with late periodicals and daily papers.

Improvements
The house and social committee has changed the oil stove for a gas stove, gas has been installed in the building and the committee will be better able to serve dinners and lunches in the future than in the past. Several new games are to be voted on for membership and there are a number of matters to come before the organization for consideration.

Membership Needed
The question of conducting a membership campaign early in the new year should be taken up and correspondence has been entered into with reputable organizations making a specialty of this kind of work. Members who are all interested in work of the Chamber are urged to bear the date in mind and to come prepared to bring up any subject they may consider as relating to the betterment and development of the city and community.

DULUTHIAN TO OFFICIATE

A. B. Hostetter to be a Judge at Morrison County Fair in Little Falls

A. B. Hostetter, formerly head of the agricultural department of St. Louis county, was in Brainerd on his way to Little Falls where he will act as a judge at the Morrison county fair.

He called attention to the big display of potatoes St. Louis county had at Brainerd at the time of the Northern Minnesota Development Association meeting and said Crow Wing county should reciprocate at Duluth next November when the association meeting and potato show will be held in the armory.

INFLUENZA REPORTS URGED

Physicians Asked to Keep State Informed on Cases

Prompt reports on all cases of influenza to the state board of health by physicians were urged by Dr. Charles E. Smith, Jr., acting executive officer of the board, in connection with the preliminary plans to combat a possible epidemic. In fluency is one of the reportable diseases in Minnesota.

"Reports of deaths attributed to influenza and complications have been received throughout the summer," said Dr. Smith, "but there have been comparatively few cases reported. This discloses laxity.

Melrose 2—Osakis 1

Jack Wood pitched and Tanner caught for Osakis which played Melrose at the county fair at Sauk Centre. Melrose won 2 to 1. Wood made one of the three hits and scored Osakis' lone run. He struck out 12 and the Melrose pitcher fanned 11.

Villard played Melrose Friday. Wood having been secured to pitch for Villard. A new catcher was secured for Wood, as Tanner could not stay.

Your Attention, Please
A Foley Cathartic Tablet is a prompt and safe remedy for sick headache, biliousness, bloating, sour stomach, gas, bad breath, indigestion, constipation, or other condition caused by clogged or irregular bowels. They cause no griping or nausea nor will they encourage the "pill habit." Just fine for persons too stout. H. P. Dunn.

MORE EXHIBITS

B. E. Koecher's 26 Pound Squash Added to Dispatch Exhibit, also Rev. Ohm's Pumpkin

The Brainerd Dispatch agricultural fair in the Dispatch office heralds two new arrivals. Officer B. E. Koecher brought in a squash which weighed 26 pounds. This squash was given no more than ordinary culture and is a specimen of what Brainerd soil can produce.

Flanked by this squash this morning is a pumpkin weighing 33 lbs. which was brought in by Rev. F. M. Ohms, pastor of the Evangelical church of Fourth Avenue and Forsyth street. The pumpkin was raised in his garden at 315 Forsyth street. The vine is a transplanted one.

A sister of the Dispatch pumpkin weighing 25 lbs. is in the Palace Cafe one door north. Two other pumpkins, brother and sister of the Dispatch and Palace Cafe pumpkins are still attached to their ancestral home. Rev. Ohms said he never saw anything like the fertility of the soil in Brainerd and said every home owner should have a garden when such crops can be raised without much effort.

Former Alderman C. H. Paine brought in two large cucumbers raised at his home. Mr. Paine said they had matured in sandy soil of the north side which was not supposed to be as fertile as that of Southeast Brainerd. The larger "cuke" measured 15 inches long and weighed 4 pounds.

Obituary

Early Friday morning, September 12, death entered the home of Mr. and Mrs. J. H. Phillips and claimed Elmer Phillips, their third oldest son.

Elmer Sibley Phillips was born April 1, 1893 in Clay county, Iowa. He attended the public schools of Iowa, and in 1916 moved with his parents to Crow Wing county.

Elmer attended the Evansville Junior College, in Evansville, Wis., completing a two year business course in May 1918. Since then he has lived at home with his parents.

Converted in his early manhood he lived a life of patience and suffering, ever ready to serve others, and doing his Master's will. Whether at school or home his life has been an example to those about him.

During his school life in Evansville, Elmer was always the same cheerful school mate, loved by his teachers and classmates.

His illness which lasted three weeks was not thought to be serious at first, but a change for worse was noticed Thursday night. He slipped away early Friday morning to that higher and better life where he may hear his Shepherd's voice say "Well Done, thou good and faithful servant."

He leaves to mourn his departure, his father and mother, Mr. and Mrs. J. H. Phillips, his fiancée Miss Edna Small of Platteville, Wis., five brothers and three sisters, Donald Phillips, Arthur Phillips, Mrs. Robert Dickey, Russell, Theodore, Merrill, Ruth and Esther, two grand parents, Mr. William Robert Phillips of Brainerd and Mrs. Oreilla Cain of Spencer, Iowa, three uncles, Ed Phillips and William Phillips of Brainerd and Wesley Phillips of Big Stone, S. D.; six aunts, Miss Minnie and Edith Phillips of Brainerd, Mrs. Anna Dunham, Decatur, Ill., Mrs. Ralph Smith, Ruthven, Ia., Mrs. Horace Brayton, Cozville, N. D., Mrs. Maud Dykeman, Alberta, Canada, as well as many cousins and friends.

MITCHELL D. FOLLANSBEE

Mitchell Davis Follansbee, Chicago financier and attorney, has been taking a prominent part in the "Old Grade" Summer School at Harvard, organized for the purpose of raising an endowment fund of \$11,000,000 for the university.

World's Seed Emporium. London is still the world's chief emporium of the seed trade.

Handwork Is Used to Advantage in Newer Millinery Modes

There is effectiveness and novelty in the use of handwork on the new Duvetyn and handsome Velvet Hats with crowns of rich Brocades, Ribbons are twirled in fascinating new ways, handsome Flowers and Leaves have borrowed October's lovely colorings, and leather is cleverly cut to imitate.

We Invite Your Inspection

We always welcome your presence in our millinery section. Come in frequently and see the new things.

H. F. Michael Co.

Sought Trees for Protection.

Tree-dwellers are found among savages in various parts of the world. According to the scientists the first habitations of mankind were in the trees as the most adequate protection against the many enemies of the early type of man. It was only in the later period of man's evolution that he was strong enough to hold his own on the ground.

Look for the Best.

Every man and woman on earth has some good quality, if you will only take the trouble to look for it.

Service Our Watch Word

Do You Remember Gasless Sundays?

NO better way could be found to illustrate and emphasize the usefulness of the Standard Oil Company (Indiana), and the broad and varied service it renders, than to take five minutes and imagine a gasless year.

Think how our lives instead of being full and complete through association with our fellow men would be circumscribed by the barriers set up by shank's mare.

Think how manufacturing would be hampered. How industry generally would be crippled. How crops would go to waste through inability to harvest, and the leaps and bounds that the cost of living would take.

Instead of the natural expansion of business that comes from service and usefulness, the whole structure of business would be hampered through sheer inability to render to society that service which society has been accustomed to demand.

The Standard Oil Company (Indiana) is a public servant owned by 4649 stockholders, no one of whom holds as much as 10 percent of the stock.

The Standard Oil Company (Indiana) is doing a big job in a big way and has grown great simply by reaping the rewards that come from rendering the service demanded by business and society in a manner satisfactory and beneficial to the world at large.

Clark's are truly Stove Headquarters

Our long continued custom of purchasing our fall line of Heaters and Base Burners early in the spring has given us an unusual advantage right now by way of price setting over those merchants who waited thru the price advances of the summer. We want to give our customers the advantage of our savings; and urge early buying.

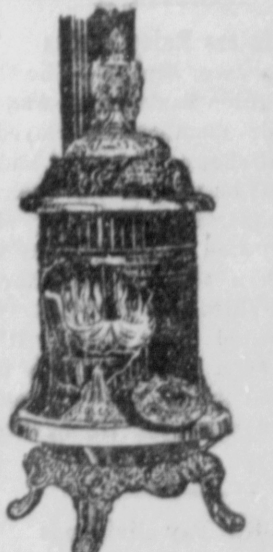

A number of rebuilt heaters, ranges and base burners, are offered at a fraction of their original cost.

Your credit is good, and we will be glad to make you a liberal allowance on your old heater.

Does This Saving Look Good to You?

Fuel is high—here is a way to gain big fuel economy and a perfectly heated home. Why not save the gas half of the coal wasted by all other stoves, with the fuel saving

LABOR NEWS

TRAINING HAS PROVED VALUE

Many Firms Make Arrangements to Teach Workers How to Do Things Properly.

The marked growth of the industrial training idea in manufacturing plants is indicated by the report recently issued by the United States training service showing that today 350 concerns maintain training departments, as against approximately 200 last November. This steady increase is regarded as proof that manufacturing interests in this country do not consider industrial training merely as a wartime measure.

Industrial training such as these factories are installing received its first impetus during the war, and now manufacturers are pointing to it as one of the chief economic lessons taught by the great conflict. The manner in which they quickly upgraded their reduced forces in war times by means of industrial training, and by it also quickly introduced new workers into their plants, demonstrated, according to the United States training service, that training is one of the big permanent needs of our industrial system. These manufacturers say that they are forever through with the old custom of letting each employee pick up his knowledge of his job in a haphazard fashion. They feel that time and money can be saved by hiring practical instructors, who will show both old and new workers the best way of doing each operation.

In some lines of work this instruction requires only a few days; in other lines it requires several weeks, or even months. Ninety per cent of the manufacturers report that their training departments are self-supporting. The methods promoted by the training service enable each worker eventually to broaden his knowledge of the trade, as well as to increase his skill in a particular line. This makes him more independent as well as more valuable to industry as a whole. The training service does not carry on training, but devotes its effort chiefly to preparing self-sufficient outlined courses in the training methods.

Labor Must be Heard
Cleveland, Ohio.—“No employer is so good and so wise that there can be placed in his hands with safety, the power of determining the terms of employment and conditions of labor,” said John P. Frey, editor of the International Molders’ Journal in a labor day speech.

The speaker declared that “those whose standard of living is determined by the wage rate and conditions of labor must have a voice in determining what these shall be.

“Where organized bodies of employers directly or through their chosen representatives meet with the representatives of organized labor for the purpose of considering their differences, there is established the democratic machinery through which their particular industrial problems can be adjusted. For too long organized employers have been meeting by themselves and considering their industrial problems without the presence of representatives of organized labor. As a result they have secured definite understandings of some of their immediate needs, but they have in most instances utterly failed to understand the necessities to say nothing of the rights and privileges of those who were in their employ.”

Printers Raise Wages
San Francisco, Sept. 6.—The Typographical union has secured wage increases for members employed in commercial shops. Job men and operators will be paid \$39 a week and machinist-operators, \$42. Day shifts will be operated on the 48-hour week basis, with a 45-hour week for the first night shift and a 42-hour week for the second night shift, with an additional \$3 a week for both night shifts. The union is now negotiating higher rates for its newspaper members.

Co-Ops Pay Dividends
Springfield, Ill., Sept. 15.—The Co-operative society announces a 6 per cent dividend on every dollar expended by members. Sufficient funds were set aside for depreciation, and 2 per cent was placed in the reserve fund. Increased membership is also reported.

Painters Advance
Columbus, Ga., Sept. 6.—Painters have reduced their work day from 10 to nine hours and increased wages from 55 cents to 65 cents an hour. Wallace, Idaho, Sept. 6.—A wage increase of 50 cents a day has been secured by the Painters’ union. The new rate is \$7.50 for eight hours.

Adopt 3-Platoon Plan
Hibbing, Minn., Sept. 15.—City authorities have established the three platoon system for municipal firemen as a result of agitation by the organized workers.

Who Gets the Profit from Rents?

The owner, of course, else why should he build? Furnishing homes for others is not philanthropy with the average investor who rightfully expects a profit.

If rent brings profit to a landlord, why not be one yourself? Why not build a home to suit your needs and desires? Then let your rent apply on the purchase.

We can help you select the right design, the most economical materials and a reliable builder. And, if you like, we'll be glad to put you in touch with those who will help you with the finances.
